18<sup>th</sup> July 2016

Dear Parents and Carers,

## Exposure to the Sun

It is expected that your child, during the school day, will be exposed to the sun. There is concern that over exposure to the sun can be harmful.

To protect the skin from these harmful effects, it is recommended that pupils wear sun hats and light coloured, loose fitting tops with collars. The application of an appropriate sunscreen before school will help to protect the skin. If you would like your child to apply sunscreen themselves again at lunchtime (with support), please send a bottle of named sun screen to school.

We are monitoring the weather forecast this week particularly for the Year 6 trip tomorrow and the Years 1/2 trip on Wednesday.

For these trips the children may wear their PE kits, please ensure they bring sun hats, apply sun screen before school (bring a named bottle if needed, to apply themselves) and bring plenty of drinks with them. We will monitor the forecast and may cancel or shorten the trip on Wednesday for Years 1/2.

Yours sincerely,

Christine Dickens  
Headteacher
