

Sports' Funding Report 2015/16

From September 2015 to August 2016 the sports' funding totalled £8,904, a total of £9,933 has been spent in the following way. The balance of £1,029 has been taken from the income from after school clubs run by Sports Coaches.

HRSP – Hasting & Rother Sports Partnership, provides us with support for and access to tournaments and Time to Dance. The P.E. lead at St Richard's offers multi-sports sessions to Year 3 and provides Sport Leaders from St Richards to organise our KS2 Sports Day. Through this partnership we access training for our Year 5 & 6 pupils to become Sports' Crew in the playground. We also access the cross-country events. Any success in these tournaments or events can take us onto county events.

Sports development is through Premier Sports Coaches. Coaches come into school on a weekly basis to support with P.E. lessons, before and after school clubs and preparation for tournaments. There is a separate cost for the weekly coaching support and the tournament preparation.

The resource money was spent on games equipment.

Sports Clubs

The data collected from attendance at the clubs has given us the following information:

- 98 different children accessed the clubs – 46.6% of all pupils
- 21 clubs were run offering 14 different sports.

- 25.5% of pupils were in receipt of pupil premium, this equals our current pupil premium percentage.
- 46% (25) of our pupil premium pupils attended at least one club.
- 1910 sessions were attended in total by the 98 children
- 426 sessions were attended by pupil premium pupils (22% of total number of sessions)
- The maximum number of sessions attended by one pupil was 81.

Clubs are offered as either after school clubs or before school clubs and are provided by a range of sports coaches, teachers and support staff. The 14 sports offered were:

Hockey, dodgeball, tennis, dance, football, netball, stoolball, La Crosse, gymnastics, fencing, multi-skills, tag rugby, quad athletics, cricket.

The impact of all the clubs and enthusiasm for sport has resulted in Chantry taking part in and winning more tournaments than any previous year. Being part of both the Hastings and Rother Sports Partnership and more locally Premier Sports Tournaments offer has given our pupils more opportunity to take part in competitive sports.

Chantry has successfully won competitions or tournaments in the following sports:

Quad athletics, dodgeball, fencing and water polo!

We also have a significant number of pupils who take part each year in the Rother & Hastings Cross-Country. This year we did especially well, out of the 40 key stage two children who chose to take part in the cross-country, 38 children went through to the next stage.

Through the engagement of Premier Sports we are able to offer a wider choice of sports in before and after school clubs, during 2015/16 we introduced a lunch time sports' club on two days a week. The two afternoons that we engaged Premier Sports to provide P.E. coaching across the school during curriculum time is in partnership with our class teachers. Three of our teachers this year were P.E. specialists, this will be reduced to two teachers next year, however, by having all teachers work with Premier Coaches we are building sustainability for future years. We also have a Teaching Assistant who has a BTec Level 3 in Sports Science and it is our intention to partner him with the Premier Coach next year (2016/17) to continue providing lunchtime sports clubs throughout the year.

2016/17 – Sports' funding income is £9,950 and we plan to spend this funding in the following way:

HRSP – Hastings * Rother Sports Partnership – we will continue with membership of this partnership as we will need to retrain new year groups to take over as Sports Crew and it enables us to access a good variety of tournaments and events.

We will continue to engage Premier Sports Coaches to support our weekly P.E. and we will pay the membership cost to access the Premier Tournaments. Through the Health Improvement Grant we will be putting in a running track and will engage Premier Coaches to introduce the Golden Mile across the school.

If there is any money remaining we will purchase two football goals for the playground.

The balance between the expected spend and the expected income will be taken from income from after school sports' clubs.
