

# Year 3

## Message from Year 3

Welcome back! We hope you all had a restful Christmas break. Last term we were incredibly proud of the children's achievements — from their hard work in class to the wonderful progress they made in their personal goals. This term, we're excited to continue building on that success, encouraging curiosity, resilience, and joy in learning.

We will also continue to support children with their times tables facts and reading in school, and we kindly ask that you keep this valuable practice going at home too. Together, we can help them grow in confidence and develop strong foundations for future learning.

## Home Learning

This year we are focusing on our core curriculum skills to develop children's confidence in reading, writing in Maths.

Please read at home daily and practice the Year 3 spelling words (shared on Google Classroom).

## Topics Term 2

English- Oliver and the Seawigs

Maths- Multiplication and Division

Science- Forces

Music- Pitch, tempo and structure

Art- Sketching

History- Ancient Greece

PE- Team Games

## Contact

Email: [year3@chantryprimary.org](mailto:year3@chantryprimary.org)
