Well-being Curriculum	<b>Happy Relationships, Happy Me</b> Behaviour and learning expectations Understanding my brain	<b>Safe in the world</b> Online safety Road safety	<b>Healthy Body Healthy Mind</b> Health – physical and mental RSE Lessons and Transition
<b><u>Well-being Curriculum Running throughout via Empowerment approach</u></b> <ul style="list-style-type: none"> <li>• NEUROPLASTICITY. GOALS: For children to understand the building of the brain and neuroplasticity</li> <li>• OUR THREE BRAINS. For children to understand that we have different parts of the brain that look after our body, our feelings and areas that help us to think and learn at our best</li> <li>• OUR NEEDS. For children to understand that to be at our best and to learn at our best, our body brain and feelings brain have to feel good. To know that we have three different types of needs (linked to Our Three Brains). To know that for each part of the brain we have a range of different needs. To begin to be able to name what these needs are</li> <li>• STRESS RESPONSE. For children to understand that when our needs are not met, they become stressors and we can experience a stress response. To know the different types of stress response. For children to know that we need strong neural circuits in our learning brain so that we have the ‘Control Centre’ skills to manage this stressor</li> <li>• HELPING PEOPLE IN A STRESS RESPONSE. For children to know how we can best help people who are experiencing a stress response</li> </ul>
